

Designated HAC Contact Person - One assigned person who will be primary HAC contact for all formal communications as well as the only authorized person to vote on behalf of your company, if applicable.

Other individuals identified by the designated contact person will receive communiques in the form of newsletters and general information however, the primary contact will represent your organization on all formal matters, including voting at Annual General Meetings as applicable. Should the Designated Primary Contact not be available to cast a vote, a proxy may be issued to assign an alternate employee to vote in their place.

We encourage HAC Operators and Associates to select their Designated HAC Contact Person with a view to their important role.
