WATER EGRESS COURSE

Proaviation water egress course is designed for pilots and passengers. Whether you are flying commercial, general aviation, or offshore helicopters, we provide comprehensive classroom instruction and "hands-on" practical experience. The curriculum teaches how to cope with the physical and psychological stress experienced in an underwater egress situation.

The Aircraft Egress / HUET (Helicopter Underwater Egress Trainer), is specially designed for realistic escape simulation.

COURSE OUTLINE

Classroom Presentation (3.5 hours)

- Ditching Scenarios
- Ditching procedures & techniques
- Aircraft egress
- Survival equipment (aircraft & personal)
- Sea survival techniques & hypothermia
- Passenger safety

Pool Exercises (2-3 hours)

- Life preserver demo (inflation, swimming)
- Life raft drill (righting from inverted position, boarding, equipment & use)
- Underwater egress training (normal egress, doors on/off, blocked exit, night ditching)
